

# Junior Consultant in EU funding

In a few short years, Euronovia has become one of the top experts in EU funding programmes. With **10 consultants** based in Paris and the South of France, we bring our clients the multisectorial expertise they need, associated with the agility of a **young and dynamic structure**.

Our consultants support the grant application of **50 projects** each year (Horizon Europe, LIFE, Erasmus+), with a success rate **3 times above the EU average**. Euronovia is also engaged as a **partner in 7 European high-impact projects** directly linked to major international challenges, such as climate change, energy transition and environmental challenges.

In the context of our growth, we are hiring a Junior Consultant, particularly on the **research and innovation programme, Horizon Europe**. Euronovia will be a partner in 5 new Horizon Europe projects, starting in 2024.

**Are you looking for a new challenge in European funding in a dynamic environment? Come and join us!**

## TASKS

- Support to communication and dissemination of project results** (energy, environment, innovation ecosystems)
- Writing of the Plan for Communication and Dissemination (incl. definition and follow-up of KPIs)
  - Updating the project website
  - Community management
  - Communication material
  - Participation to events etc.

- Support to EU grant application** (Horizon Europe, LIFE, Erasmus+, etc.)
- Analysis of the call
  - Support to the definition of the concept and project objectives
  - Support to the structuration of the project
  - Support to writing
  - Consortium management

## PROFILE

- Master's degree on EU programmes, scientific communication or equivalent
- 1st positive experience on EU grant application/communication/management
- Fluency and writing skills in French and English
- Relational skills and adaptability
- Organisation and rigour
- Team work and networking

## WORKING ENVIRONMENT

You will join a motivated team with a real diversity of missions, in a progressive and rewarding environment (Permanent contract, telecommuting 2 days a week, participation in transportation costs, days off...).

Desired start date is January-March 2024. Position based in one of Euronovia's locations (Paris, Toulouse, Bordeaux, Bayonne).

## HOW TO APPLY?

Applications (**resume**) to be sent **before 30 November 2023** to:

Virginie Robin  
[v.robin@euronovia.eu](mailto:v.robin@euronovia.eu)

Interviews will take place in French/English in Paris at the beginning of December.

Euronovia is committed to supporting and promoting equality, diversity and inclusion. We encourage applications from a variety of backgrounds, which we will select through an open and transparent recruitment process.
